

# The HQ HighRise2™ Table Lift

for the HQ Studio, HQ Studio2, HQ Gallery, HQ Gallery2, HQ Fusion, and HQ Little Foot Frames

Adjust the height of the your frame at the touch of a button. Use preset heights to quickly move from one favorite position to another – lower for micro quilting as you sit on a stool or higher for comfortable edge-to-edge quilting while you stand.

## HQ HighRise2 Features

- Ten inches of lift
- Lift system integrates clean, efficient electric actuators which require no additional lubrication and eliminate oil leaks.
- Six lift actuators lift all standard straight-leg HQ Studio, HQ Studio2, HQ Gallery, HQ Gallery2, HQ Fusion, and HQ Little Foot Frames.
  - ✍ **NOTE:** Currently not available for first generation slant-leg frames.
- Can be used on various width frames from 4 feet to 12 feet.
- HQ HighRise2 controller mounts to sidearm, away from quilting area.
- Controller features include
  - \* Up and down buttons
  - \* Three programmable preset buttons (A, B, C) for quick movements to three different user-programmed heights
  - \* Eight LEDs show relative height of table
- Three-button wireless key fob remote control
- Easily installed
